**SUPPOSED MURDER BY POISON.**—Our usually quiet and moral town was thrown into a state of great excitement on Monday morning last, by the report that Nicholas Frankinburger, a German, in the employ of Hannah Lay & Co., had been murdered by his wife, through the instrumentality of poison, aided and abetted by her paramour, Paul Ritter, also a German, and in the employ of Hannah Lay & Co. They were both arrested and committed to await the result of an inquest, which was held by Justice Bates, on Tuesday. The Jury returned a verdict that, in their opinion, the deceased came to his death from the effects of poison taken with his food on Sunday afternoon, June 2nd, 1861, and that it is more than probable that such poison was placed in the food by the wife of the deceased, Mary Frankinburger; that an unlawful intimacy has been known to exist between Paul Ritter and the wife of the deceased, and that such intimacy may have prompted the act, either by collusion or otherwise.

Dr. Schetterly and Goodale held a *post mortem* examination, and the stomach of the deceased, with its contents, has been taken to Chicago, by Dr. Goodale, to be analyzed. The examination of the accused parties has been postponed until Friday, the 14th inst., that the result of the analysis of the stomach may be known. Meanwhile, as the examination of the accused will be held before us, we forbear comment, or the expression of any opinion on the subject.

**SUICIDE.**—A young man named Henry Green, who had resided in this county about two years, but whose parents or friends live in Ripley, Chautauque County, N. Y., committed suicide here on Friday last by throwing himself into the Bay from a Schooner lying at the wharf, on which he had been employed for a few days. An inquest was held upon the body by Justice Bates, and the jury returned a verdict that he committed suicide by drowning, while laboring under a fit of temporary insanity. His body was buried at Traverse City. His effects, which are of little or no value, are in the hands of Morgan Bates, and will be delivered up to his friends, on application.

**BOLD AND DECIDED.**—The Government is determined to assert its dignity, not only in its relations to the Rebels, but to Foreign Powers. It is stated that the Diplomatic Corps have been notified that the purchases of European vessels by the Secessionists will not be respected by the Federal authorities; but that such vessels will be seized, no matter under what flag they sail.

**OPPOSED TO SECESSION.**—Hon. David Todd, President of the Cleveland and Mahoning Railroad, announces that no "secessionist" or secession apologist, sympathizer or abettor, will be permitted to ride in the cars of that road. Passengers expressing disunion sentiments on the trains will have their money returned, and themselves deposited on terra firma at the nearest station.

**PRINTERS DISCHARGED.**—One of the proprietors of the St. Louis Republican was an officer in Gen. Frost's rebel Army. Three of the journeymen on the Republican were in the ranks of the Union Home Guard, which took the rebel Editor prisoner. The result was their discharge so soon as the "boss" was released on parole. The next time his journeymen find him in arms against the Union, they will hang him.

**WIGFALL.**—The Louisville Courier (secession) says: "It is reported that Wigfall is to command a regiment of a thousand picked men, selected from the whole army, no man in the regiment to weigh under 170 pounds, or be under 6 feet high, or over 36 years of age. Each man will be armed with an Enfield rifle, two navy revolvers, and a six pound bowie-knife."

**THATCHER'S COMET** is now said to be plainly visible to the naked eye. It will be found in the quadrangle of the "Dipper" in the Great Bear—a hazy star, nearest the brightest of the four. It shows a tail three degrees long in the telescope, and moves rapidly from the North-east, in a few days it will be conspicuous as a flaming sword from the North advancing into the South-western skies.

**JOHN PHOENIX.**—The Knickerbocker Magazine, after giving some anecdotes of "John Phoenix" (Lieut. Derby), says: "Poor Phoenix! after being deprived of available sight for many months, his inner light grew suddenly dark, and he is now under the care of those who minister to a mind diseased, plucked from the memory a rooted sorrow, and razed out the troubles of the brain."

**THE WAY THEY PAY THEIR DEBTS.**—A leading mercantile house in Philadelphia lately received a letter from a debtor in Louisiana, in these terms: "Our note to you for \$10,000, due this day, will not be paid. We have lent the money to the Confederate States, and you may go to the devil."

**DEATH OF CHARLES LEVER.**—The death of CHARLES LEVER, the novelist, is announced by the last advices from the old world. As a writer his fame was world-wide; as a man he was genial, but erratic. He has written largely and written well. Many of his stories have become classics.

The telegraph matter seized at the various offices has been taken in part to Washington. It is understood that several arrests are soon to be made, unless the guilty parties, stricken with a sudden dread, take a hasty departure.

The Archbishop of Tours, in a letter to the Minister of Justice, says the temporal power of the Pope is abolished, and the Catholic world will hold Louis Napoleon responsible for it.

# The Latest News.

There has been no fighting yet. The Government has decided to call out one hundred thousand additional troops. All regiments ready for service will be ordered to march in a few days. Gen. Butler holds Slaves contraband of war. There will be no immediate attack in the vicinity of Norfolk. The advance column of the Grand Army are to be pushed forward to Manassas Pass. The Rebels are entrenching themselves there. Carl Schurz, Minister to Spain, will leave immediately for Madrid. The Rebel Congress has prohibited the export of cotton except by sea. An important movement on Grafton, Va., is being made. A large body of troops has already crossed the river, hastily to their rendezvous. The Virginia detachment is at Grafton in considerable force, and it is believed that a collision is irrevocable. A later dispatch, dated Cincinnati, May 29, says that on Sunday night, Col. Kelly, in command of the First regiment of Virginia volunteers stationed at Wheeling, received orders to march. They left Wheeling at 7 o'clock on Monday morning towards Grafton. After their departure, the 16th Ohio regiment, stationed at Bellair, under command of Colonel Irvin, numbering 1,000 strong, crossed the river and followed Col. Kelly's command. Col. Steedman, crossed the Ohio at Marietta about the same time and occupied Parkersburg.

At midnight on Monday the rebels evacuated Grafton in great haste. Col. Kelly is probably in possession of Grafton this morning. The latest accounts from Chicago state that there was no hope of the recovery of Senator Douglas. A correspondent of the Transcript states that the commanders of the Minnesota and Niagara are in possession of the names and descriptions of the vessels shortly expected at New Orleans, with valuable arms and munitions of war purchased by the rebels in Europe. A close watch is arranged for their capture. The ship Abellino recently arrived at New Orleans from Boston, has been seized by the rebel authorities.

**SEWELL'S POINT.**—Sewell's Point is a tongue of land situated on one of the numerous inlets of Chesapeake Bay, about four miles south from Fortress Monroe, (Old Point Comfort,) and across the channel from that fort. It is about eight miles north from Norfolk—from which place it is approached by land. The transport steamer Empire City arrived from Fortress Monroe, reports that the Harriet Lane had captured the schooners Catharine, of Newbern, and Iris, of Baltimore, both laden with naval stores.

**LADIES ARMS.**—Choctaw county, Miss. has seven hundred men under arms. In addition, a company of ladies, numbering some sixty, has been formed, each armed with Colt's revolvers and daggers!

**ANOTHER PRINCE ARRIVED.**—Prince Alfred of England has arrived at Halifax and will, we presume, make the tour of the Canadas if not of the United States. The Southern Congress has adjourned, to meet at Richmond, Va., on the 20th of July.
