S. A. Thacker's horse became frightened and broke his halter strap and ran for about two miles. Mr. Thacker went in pursuit and met a man bringing the horse back all safe and sound, nothing being broken. All this happened after dark. Hard to Beat- Peter Morrison has a daughter about 15 years old, that has run the mowing machine to cut 40 acres of grass; also run the self binder to cut 21 acres of fall wheat and 19 acres of oats. One day last week while Mr. Hill, who lives southeast of town, was drawing in oats, the load caught fire from the sparks of a burning stump near by, and it required the united efforts and lively work of Mr. Hill and his neighbor, Robert Dell, to throw the load off in time to save the wagon from being consumed with the oats. The interests of our community would be greatly increased if good settlers would buy the Indian lands suitable for farming purposes, instead of being held by present owners who allow so much of it to become overgrown with noxious weeds.

We understand the Pashawatown farmers' alliance will discuss at their next meeting, "How can the effects of Suttons Bay 'Skitty-waboo' be made as apparent on the nose of the Indian as the white man?"

### **ALMIRA**

Herald Correspondence

A case of horse stealing has just occurred here, the particulars of which are about as follows: A man giving his name as John H. Wiegardt was about town offering to buy cattle, real estate, etc., but suddenly came to be missing, taking with him a mare belonging to Chas. P. Hare of this place. Mr. Hare, after looking for several days, found his mare near Maple City, where the scamp had traded her for another horse. The party who had traded with him accompanied Mr. Hare in pursuit of the thief, tracing him to Leland, where they swore out a warrant and in company with an officer continued the hunt. They succeeded in overtaking him near Northport, where he was arrested and taken back to Leland and lodged in jail to await a requisition from this county.

A party of some 75 to 80 people gathered at the Centre last evening, they being the parishioners and friends of the Rev. E. Linkletter of this place, their object being to give the domine a pleasant surprise. The company, after getting together, formed into a line and marched in a body into the residence of the aforesaid preacher, and demanded an unconditional surrender. Mrs. preacher surrendered gracefully enough, and processed to hold an informal reception, but the good man of the house was not so easily captured. Vigorous inquiry failed for some time to reveal his retreat, but finally it was ascertained that he had retreated (in as good order as the case would admit it) to arrange a hasty toilet. After order was somewhat restored, the company adjourned to the hall, which was kindly thrown open for the accomodation of the guests by the genial proprietors, Merril Lake and lady. A table was hastily improvised which fairly groaned with good things for the inner man, where the guests regaled themselves, after which the managers gave an opportunity for those so disposed to leave some substantial token of their respect, when in an entirely voluntary manner, without any of the schemes so common on such occasions, some \$16 was left in the hands of the treasurer for the benefit of the reverand gentleman. The affair was closed by Mr. Linkletter returning, in a feeling manner, his thanks for their kindly remembrance of him, the company quietly taking their leave, with all feeling that it had been a pleasant and profitable occasion.

Marquis, Charley Possing, Casper Dunkalow, Claus Warner and Mr. Deming just finishing a melon, the rind of which looked suspiciously like the one he had lost. Lots of cigars.

The town hall is rapidly approaching completion. It is a fine building and would present a fine appearance were it not for the mottled appearance of the outside, caused by the knots in the siding. The uneven lumber used for flooring makes two of the roughest floors ever laid. As soon as the building is turned over to the town the hall will be let for a dance to the highest bidder. It is wanted by the Odd Fellows, G. A. R. brass band, and the Sons of Vets.

Let him come; the farmers will give him a hearty welcome.

In Jan. last, the HERALD reported the sale of the saw mill and yards at this place to Wm. Raymond, at that time a resident of this place. The HERALD pointed out the great benefit that would follow the sale, that the farmers in this vicinity would enjoy. Mr. Raymond carried out all of *his* promises, and added many improvements to the plant, including a new Perkin's shingle mill complete. About the time this was ready to start, Mr. Raymond became dissatisfied with some things, and refused to proceed further. He at once packed up his goods and removed to the southern part of the state, where he took a good position on the road with a rich machine company, who needed just such a man, and from information received by your correspondent, Mr. R. is meeting with good success. Mr. Raymond was one of the first to come to this place, and during his stay made many friends here and in Traverse City, who are pleased to learn of his good fortune, although all regretted very much to have him leave us.

Quite an accident happened to little Lizzie Olds, last Friday. It seems the school children had been down to the bay, and on returning up the tram or trestle, Miss Lizzie caught her foot and sprained her ankle, and is now laid up, and it is very painful. We hope the other children will now take warning and not run on the trestle.

John McDonald thrashed on Friday last. Had lots of help, a house full of visitors, 14 or 15 men threshing, and about 10 o'clock a.m., a fresh arrival of nine more visitors, which made about 40 that took dinner. Everything passed off very pleasantly and plenty to eat.

On Friday last Mr. Kilpatrick and wife of Traverse City, and Mr. and Mrs. Seth Silsby of Paris, Mich., spent part of the day the guests of Mr. and Mrs. John McDonald. It will be remembered that Mr. Silsby left what is now Yuba when but a small boy, having been gone from here nearly eighteen years.

The Rev. A. J. Eldred preached his last sermon for the conference year last Sunday, and received 18 members in full connection with the church. He has been a faithful pastor during the past year. The excursion train brought in a good many people to Yuba, namely; George McDonald, wife and daughter; Mrs. Robert McDonald and son, all of Detroit, and guests of their brother, John McDonald. George McDonald is an old time friend of the early pioneers of Grand Traverse county, coming here in 1853. We were right glad to meet our old friend, and had a good chat with him.

One of the saddest funerals ever attended in this vicinity was that of Judge Miller, on Thursday last. His sudden death shocked every one who had known him. He was a most devoted husband and father, always bringing cheer to the fireside of his loved ones. He was also a true and never failing friend. The rains of last Thursday interfered some with the reunion at this place. yet all seemed to enjoy themselves very much. We cannot tell all about the proceedings, but the speaking on Wednesday afternoon by Messrs. Chubb of Cleon, Thurston of Sherman, and others. Could not help but leave a favorable impression. The evening was spent around a large camp fire, where a large crowd listened to an able address by C. S. Marr, and stories of sad experiences of the war days by old soldiers. Even the little folks seemed to enjoy the evening by occasionally throwing a dry goods box on the fire to help keep up a bright light, not seeming to realize the meaning of the occasion. Yet as years go by these reunions will leave an impression on the minds of the little folks that will cause them to study the reason for these gatherings and will have a tendency to make better citizens of them.
